

Effective 5/3/2012

Terms and Conditions of EcoChoice Electricity Service from The Energy Co-op

The Energy Co-op Association of PA is licensed (License #A 110056) by the PA Public Utility Commission (PUC) to supply electric generation services on behalf of its members. The Energy Co-op sets the generation & transmission rates that you pay. The PUC regulates distribution prices and services. The Federal Energy Regulatory Commission regulates transmission services and prices.

WHO SHOULD I CONTACT FOR MORE INFORMATION?

Energy Cooperative Association of Pennsylvania

Customer Service: 800-223-5783 or 215-413-2122

Web Page: www.TheEnergy.Coop

E-mail: electricity@TheEnergy.Coop

Address: 1528 Walnut St, Ste 2100
Philadelphia, PA 19102

WHAT SERVICES (AND CHARGES) WILL THE ENERGY CO-OP AND PECO PROVIDE, RESPECTIVELY?

Deregulated (Energy Co-op) Charges:	Regulated (PECO) Charges:
<p>Generation: the cost of producing your electricity.</p> <p>Transmission: the cost to transport your electricity from where it is generated to a PECO distribution facility near your home or business.</p>	<p>Customer: a basic service charge to cover the costs for meter reading and billing. Under electric deregulation, this remains a PECO charge.</p> <p>Distribution: the cost to deliver electricity from the electric distribution facility to your home or business. Under electric deregulation, this remains a PECO charge.</p>

WHAT IS MY RATE?

Your rate is based on your product election at time of enrollment. Members enrolling under these terms and conditions will receive the following rates through July 2013 based on product choice:

	EcoChoice20	EcoChoice100	
Residential	\$.0979 per kWh	\$.1025 per kWh	
Commercial	\$.0993 per kWh	\$.1041 per kWh	(subject to demand verification)
Off-Peak	\$.0769 per kWh	\$.0815 per kWh	(requires an existing off-peak meter)

*Rates expire as of July 2013 meter reading date.

Advertised rates for new enrollments are subject to change. Once enrolled, members will continue to receive the fixed rate that they sign up with through July 2013, regardless of whether rates change for newly enrolling members.

HOW MANY BILLS WILL I RECEIVE?

You will receive one monthly bill from PECO for all your electricity charges. The bill will list both PECO's customer and distribution charges, and The Energy Co-op's generation and transmission charges. Any questions regarding PECO's customer or distribution charges should be directed to PECO customer service at (800) 494-4000.

HOW WILL I BE BILLED?

The price for the usage portion of your bill (generation and transmission) will appear as the rate agreed to on your enrollment form times the number of kWh of power used in the billing period (e.g., 700kWh x rate = total generation and transmission charge). Your rate is guaranteed through July 2013.

Your bill will also include customer and distribution charges from PECO, plus any federal, state, and local taxes.

WILL MY ELECTRICITY RATES CHANGE OVER TIME?

The prices listed on your enrollment form are guaranteed through July 2013. You will be notified of any changes to prices or terms of service before the expiration date of your agreement and the effective date of the change. We will explain your options in these two advance notices. The decision to renew will be yours and you will have an additional three days to change your mind (right of rescission) after submitting your renewal.

IF I WANT TO TERMINATE MY AGREEMENT/CONTRACT, WHAT IS THE EARLY TERMINATION FEE?

You may switch from The Energy Co-op at no cost or penalty at any time if you give 30 days' written notice. Cancellation will occur on the next applicable meter read date. The Energy Co-op may cancel this agreement if you do not pay your bills on time or if we cease to provide electricity in the local service territory.

Effective 5/3/2012

WHAT LENGTH OF AGREEMENT/CONTRACT IS REQUIRED?

Your agreement with us is through July 2013, although you may cancel at any time with 30 days notice. If you do not cancel this agreement, The Energy Co-op will continue to provide electricity at our then-current pricing.

WHAT IF I DO NOT/CANNOT PAY MY BILL?

PECO maintains several universal service programs for low-income, residential customers experiencing difficulty paying their monthly utility bills. More information on these programs is available on PECO's website or by calling PECO's customer service phone number at 1-800-494-4000.

Effective January 1, 2011, a customer's service may be terminated for failure to pay for generation service provided by an Electric Generation Supplier. If your bill is not paid when due, the account will enter a collection process that may end in termination of service. Previously, PECO would not terminate service if supplier charges are outstanding and the PECO portion of the bill (Transmission and Distribution) were paid in full. Now, PECO can also terminate based upon the supplier portion of the bill not being paid in full. The best thing to do, if you cannot pay your bill in full, is to contact PECO and discuss payment arrangements and other options.

WHAT ARE THE RENEWABLE SOURCES OF POWER THAT THE ENERGY CO-OP PROVIDES?

The table below provides our expected renewable electricity portfolio for EcoChoice100 in 2012. The source for EcoChoice20 will be 20% PA wind.

2012 RENEWABLE CONTENTS		
ENERGY RESOURCE	SUPPLY ⁽¹⁾	
	EcoChoice100	Generation Location
Total Renewable	100%	Pennsylvania
Highland Wind 	25%	Cambria County, Pennsylvania
PA Wind	74%	Pennsylvania
Solar	1%	Pennsylvania

(1) These figures reflect the power that we have contracted to provide for 2012, which at minimum will be 25% Highland Wind. We will annually report the actual resource mix of the electricity we provided during the preceding year. Figures represent the expected mix of electricity from January 1, 2012 through December 31, 2012.

For comparison, the current (2009) average mix of resources supplying Pennsylvania include: Coal (48.1%), Nuclear (35.2%), Natural Gas (13.3%), Hydroelectric (1.2%), Biomass (1%), Wind (.5%), Solar (.002%) and other (2%).

Electricity is the product of a mix of generation energy sources that is delivered over a system of wires.

WHAT IS CHOOSEPAWIND?

The Energy Co-op is a partner of ChoosePAWind, an initiative supporting new, Pennsylvania wind power. By choosing EcoChoice100, you will help support the Highland Wind project, located in Cambria County, PA. To find out more, visit www.choosepawind.com.

WHAT IF I HAVE SOLAR PANELS OR A WIND TURBINE?

The Energy Co-op currently honors net metering down to a zero dollar bill for your generation and transmission charges in any given month, but does not carry forward surplus generation for credit in future months. Customers participating in net metering with PECO should be aware that competitive electric generation suppliers are not required to net meter.

WHAT ELSE DO I NEED TO KNOW?

- These terms authorize The Energy Co-op to request and receive historical electricity use data and other account information from PECO for the account enrolled.
- You have a 3 business day right of rescission upon receiving this notice of prices, terms, and conditions.
- If you are not satisfied with these terms after discussing them with The Energy Co-op, you may contact the PA PUC at 1-800-692-7380.
